Aerofiner II Air Dryer- used on self-propelled equipment of all makes. Repair parts available for normal service intervals. Over time, air dryer dessicant becomes inefficient due to saturation by oils passing through the air system from the compressor. When this occurs the dessicant must be replaced. In some cases the purge valve may also need servicing. A seperate purge valve kit is available. It is recommended that dessicant be replaced yearly on most systems and more often on older systems with compressors that bypass too much oil.

Part Number	Description	Price
2294190	Dessicant Replacement Kit	**$152.54**
2294195	Purge Valve Service Kit	**$116.80**

Midland Pure Air Plus Air Dryer- used on Case self-propelled equipment including Titan and FLX models. Air dryers should be serviced before each season of use. Dessicant material can become inefficient by contamination with oil in the air system from the air compressor. Replace dessicant yearly or when contamination occurs. Purge valves should be serviced as required. A seperate repair kit is available for purge valve. Coalescing filters should be replaced yearly or sooner if it becomes coated with carbon or other contaminants.

Foam Marker System

FM-150 foam marker kit by CDS-John Blue Co. is economical and dependable. Kit consists of 12-volt compressor, solution tank, control box and parts necessary for installation on any type of spraying or other application equipment. Features include:

- Compressor is factory mounted on the tank
- 15 gallon solution tank
- 2-way switch for either left or right side operation
- Adjustable for foam output frequency
- Foam mixes at end of boom for quick delivery
- 118 feet of liquid and air tubing for booms up to 100 feet
- Air tube is 5/16” diameter
- Liquid tube is 1/4” diameter
- 15 feet of cable for connecting remote switch to compressor
- 6 feet of power cable to connect to power supply

Optional kits available:

- Foam nozzle extension (used to generate small foam strips)
- 150 feet of liquid and air tubing for booms larger than 100 feet

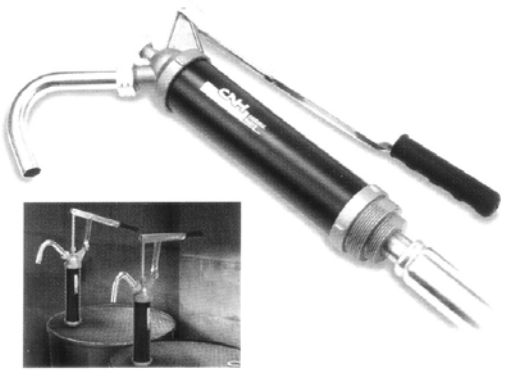
Barrel Pump - For oil-based fluids. Fits drums from 15 gallons to 55 gallons. Dispenses 10 ounces per stroke. Designed with a steel body and ribbed section and an aluminum die-cast pump head providing maximum strength and durability. The plated steel handle has a rubber grip for comfort. It comes with a built-in 1-1/2” and 2” bung adapter for drums with either opening.
Part Number_ **MC5404**__ Price: **$41.25**



Automotive & Industrial Lubricants, Sealants & Cleaners

Gasket Maker - Makes high performance black elastomeric rubber gaskets in one minute. Blowout resistant. Temperature resistant to 500° F. 4 oz. container.
Part No._ **ZPX25223**__ Price: **$24.75**

Clear RTV Silicone Adhesive Sealant - All-purpose adhesive and sealant. Dries clear. 7.25 oz. power container.
Part No._ **ZPX30562**__ Price: **$22.00**

Carb & Choke Cleaner - Removes deposited gum, grease and gasoline residue from carburetors, choke linkages and external metal engine parts. Smooths rough idle and restores power. 16 oz. container.
Part No._ **ZRG017CRBC**__ Price: **$5.67**

Glass Cleaner - Cleans, shines and polishes all glass and plastic surfaces. Non-streaking finish. 18.5 oz. container.
Part No._ **ZRG018GLC**__ Price: **$3.70**

Degreaser - All-purpose, biodegradable, industrial strength cleaner/degreaser. This product is formulated for wipe down, pressure spraying and immersion at normal temperatures. Citrus scented and non-flammable. Available in one gallon full strength or 24 oz. spray bottle diluted 1:1 for ready use.
24 oz. spray bottle_ Part No._ **B505517**__ Price: **$11.18**
1 gallon concentrate_ Part No._**B505518**__ Price: **$25.25**

Electric Contact Cleaner - Heavy-duty, fast-evaporating cleaner removes grease and other contaminants from electrical parts. Can be uses to clean metal. Use as a final wash of parts before assembly. Improves gasket and sealant adhesion. 11.5 oz. container.
Part No._ **B505513**__ Price: **$5.89**

Brake Parts Cleaner - Professional strength, non-chlorinated formula cleans parts of grease, oil and brake fluid residue. Instant evaporation. Loosens brake dust. 14 oz. container.
Part No._ **FL201**__ Price: **$3.49**

Graphite Lubricant - Non-stick coating can be sprayed onto any surface to reduce friction. Can be used as a lubricant on chains, hitches, door tracks, winches and hinges. Also, use as a surface conditioner on gravity boxes, hoppers, wagon beds, chutes, moldboards, planters and markers. Protects metal against rust. 12 oz. container.
Part No._ **407408R1**__ Price: **$9.44**

Battery Saver - Provides a protective coating that prevents formation of corrosion. Prolongs battery, cable and clamp life. 12 oz. container.
Part No._ **B505515**__ Price: **$6.16**

Silicone Lube Spray - Heavy-duty lubricant that weather-proofs and protects. Reduces friction. Works on metal, plastics, rubber and synthetics. Great for installing hoses on barbed fittings and replacing bladders in pinch valves. 12 oz. container.
Part No._ **B505503**__ Price: **$5.18**

Anti-Seize Lubricant - High-performance lubricant that keeps parts free from seizing due to high heat or corrosion. Reduces galling of press-fitted parts.
16 oz. jar_ Part No._ **ZPX76716**__ Price: **$19.74**
12 oz. spray_ Part No._ **B505504**__ Price: **$9.67**

Penetrating Oil - Industrial strength, loosens rusted parts. Penetrates quickly. Prevents corrosion on all metals. 12 oz. container. Provides lubrication.
Part No._ **B505501**__ Price: **$4.85**

Automotive & Industrial Lubricants & Other Products

Chain & Cable Lube - Helps protect against rust and corrosion on all types of equipment. Fast penetrating action. Reduces chain wear. Resists high temperature breakdown. Heavy viscosity reduces throw-off. Increases life of chains and cables. 12 oz container.
Part No._ **B505500**__ Price: **$6.04**

White Lithium Grease - Aerosolized lithium complex grease, which has exceptional resistance to water and evaporation. Provides good lubrication and reduces friction. Sprays into hard-to-reach places. Not affected by normal hot and cold temperature extremes. 12 oz. container.
Part No._ **ZRG012WGC**__ Price: **$5.86**

Wheel Bearing Grease - Composed of EP Grease. Resistant to water, acid, salt and alkali. Formulated to withstand high temperatures. 1 lb. container.
Part No._ **B505497**__ Price: **$17.95**

Starting Fluid - Premium grade with 70% ether for quicker engine starts. For use with both gasoline and diesel engines. Contains upper cylinder lubricant and corrosion inhibitors. Not for use with pre-heat manifolds or glow plugs. 7.4 oz. container.
Part No._ **ZAD3**__ Price: **$3.99**

FILL-RITE FUEL PUMPS by TUTHILL

SD Series

Fill-Rite fuel pumps are designed for moderate to heavy-duty use for gasoline, diesel fuel, light oils and most non-corrosive petroleum-based fluids. Durable cast iron construction offers high quality, long-lasting performance. The Fill-Rite standard duty line is backed with a one year warranty and is the ideal choice for cost-conscious consumers. The heavy-duty pumps carry a two year warranty. Available in both 12-volt DC and 115 volt AC versions. Rated up to 20 gpm. U/L listed motors. Thermal overload protection, 30 minute duty cycle. Comes with 2" NPT tank adapter and nozzle hanger. Pump can be padlocked.

GPI OIL PUMPS

L5016

L5116

L5132

These GPI oil pumps are specifically designed for use with high viscosity fluids like oil. They will pump oil (up to 90 wt.), waste oil, hydraulic fluid, antifreeze and non-flammable oil-based solvents. They are weatherproof and will give years of service. Motors are UL recognized components and CSA approved. They have a one year factory warranty. Available with 12-volt DC or 115/230-volt AC motors. Maximum operating temperature is 140° F. / 60° C.
